HISTORY OF EXPLORATION AND DEVELOPMENT
HISTORIQUE DE L'EXPLORATION ET DE LA MISE EN VALEUR

The Midway claim is located at approximately 3,300' elevation west of the west fork of Murray Gulch, 3 miles northwest of the town of Midway. The Nancy 1 claim adjoining to the south contains old workings whose original name is not known. The Midway and Nancy 1-4 claims were owned by Dave Moore and associates from about 1968. Small amounts of ore were mined from surface cuts and diamond drilling was done in several short holes. A crosscut adit driven about 75' below the surface exposure failed to cut the mineralized structure.
