OWNER OR OPERATOR/PROPRIÉTAIRE OU EXPLOITANT

Pacific Silver Mines & Oils Ltd.,  
303, 750 Granville St.,  
Vancouver, B.C.

DESCRIPTION OF DEPOSIT/DESCRIPTION DU GISEMENT

The formation consists of limestone, quartzite, micaceous and chloritic schists of the Lardeau series.

HISTORY OF EXPLORATION AND DEVELOPMENT  
HISTORIQUE DE L'EXPLORATION ET DE LA MISE EN VALEUR

The property is located on the east shore of Kootenay Lake in the vicinity of Indian Creek, less than a mile north of Riondel.

The Tam O'Shanter claim (Lot 401) was Crown-granted to the Montreal-Kootenay Mining Co. in 1896. The company drove a 460 foot long adit from the waters edge on a 2 foot wide vein sparsely mineralized with iron and galena. The company ceased operations in about 1899. Leasers worked the property intermittently during the period 1918-20; a 50 foot raise was driven and some ore shipped.

Pacific Silver Mines & Oils Ltd. acquired the property, consisting of 36 claims, in 1965. The old workings were rehabilitated and a geophysical survey was carried out. The survey detected a series of five anomalous zones on which diamond drilling is planned.

HISTORY OF PRODUCTION/HISTORIQUE DE LA PRODUCTION

From 1918-1920, 94 tons of ore were shipped from this property. From this ore 1,664 ounces of silver were recovered.
