Western Miner Aug 1917 p. 48. Sawdough.

Claim is on east slope of the Broughton range at an elevation of a bout 1,600 ft.

Samples reveal a wide variety of grade, some indicate commercial ore, others represent ore that would require beneficiation.

Brewer (B.C. Dept. of Mines) estimates actual tonnage at 75,000 tons while possible ore might yield an additional 200,000 tons.
