The property is located near Baldy Lake, about 18 miles SW of Anahim Lake and 10½ miles NW of Charlotte Lake. The exact location is not known.

The Tel 1 to 77 and 90 to 97 claims were owned by Anaconda American Brass Limited, in 1969. During the year, geological mapping, magnetometer, seismic and induced polarization surveys and a geochemical survey on 2,574 soil samples were carried out. Also, a number of pits and open cuts were dug.

In 1970, the property was reduced to approximately 60 claims. Eight diamond drill holes were put down, a total of 850 feet on Tel 12, 19 to 23 and 31 claims.
