DESCRIPTION OF DEPOSIT/DESCRIPTION DU GISEMENT

A vein, said to be up to 4½ feet wide, is mineralized with galena, sphalerite, and pyrite, and carries values in silver.

Lead, zinc

HISTORY OF EXPLORATION AND DEVELOPMENT
HISTORIQUE DE L'EXPLORATION ET DE LA MISE EN VALEUR

This showing is said to be on the Georgie River, 1½ miles from tidewater, and about 16 miles south-southwest of Stewart.

The showings were held as the Black Prince group by Messrs. Stark and Flewin in 1905. The property was subsequently known as the Blue Point group and consisted of two claims, the Black Knight and Black Knight No. 1. The Blue Point Mines, Limited was formed in 1910 to carry on the development work. Some 275 feet of underground work was done in 1910. The Black Knight and Black Knight No. 1 claims (Lots 3637 and 3636, respectively) were Crown-granted to Messrs. Stark, Rudge, and Kergin in 1916.

Reports of Minister of Mines, British Columbia: 1905, p. 80;
1906, p. 67; 1910, p. 61; 1916, p. 520.
