1944.

PREFACE.

The Index to the Annual Reports of the Minister of Mines of the Province of British Columbia for the years 1874 to 1936, inclusive, has proved of great service to the readers of those Reports.

The present Index covers the Annual Reports of the Minister of Mines for the years 1937 to 1942, Bulletins Nos. 1 to 17 of the New Series, and of Notes on Placer-mining for the Individual Miner, as reprinted in 1943.

Geographical names have been spelled in accordance with the usage of the Geographic Board of Canada and also with that of the Geographical Gazetteer issued by the Department of Lands, British Columbia.

The approximate geographic position of any point indexed is indicated by giving the latitude and longitude of the south-eastern corner of the one-degree quadrilateral in which the point is found and by noting the quadrant of the quadrilateral. Thus:—

Anyox	55° 129° S.W.
Harrison Lake	49° 121° S.W.
Sullivan Mine	49° 115° N.W.

The mouth of a river and the outlet of a lake are taken as the location.

This method is usable on any map on which the geographic lines of reference appear.

In the earlier Index some omissions and errors have been discovered. Additions and corrections are being printed in separate form, and will be supplied to owners of the Index on application.

Users of both Indexes will confer a favour on the Department of Mines by noting any further omissions or errors and sending such information to the Librarian of the Department, care of the Deputy Minister of Mines, Victoria, B.C.

Index to the Annual Reports of the Minister of Mines, 1937 to 1943,
and Bulletins Nos. 1 to 17, published by the Department
of Mines, British Columbia.

Coal—*Continued.*

- Johnson Creek coal.
- Keystone Coal Co.
- King-Gething Mine.
- Liquefaction of Canadian coals.
- Low temperature carbonization.
- Marten Creek coal.
- Merritt coal.
- Michel coal.
- Middlesboro coal.
- Mogul Creek coal, Peace River.
- Moosebar Creek coal.
- Morice River coal.
- Morrissey Creek coal.
- Nicola coal.
- Nicola Valley Coal and Coke Co.
- Northfield coal.
- Oil from coal.
- Packwood coal mine.
- Peace River Canyon coal.
- Pine Pass coal.
- Pleasant Valley coal.
- Port Alberni.
- Princeton—B.C. Colliery Co.
- Princeton Colliery.
- Princeton Tulameen coal.
- Pulverized coal tests.
- Queen Charlotte Island coal.
- Reserve Colliery.
- South Wellington coal.
- Sunshine Coal Co.
- Telkwa coal.
- Telkwa River Colliery.
- Transcontinental Development Syndicate.
- Tulameen coal.
- Tulameen Valley Coal Co.
- Tumbo Island coal.
- Vancouver Island coal.
- Vermillion Forks Mining Co.
- Victoria Gas Works.
- Wakesiah Mine.
- Wellington Colliery.
- Western Fuel Co.
- Carbonization tests—
 - Extension Colliery.
 - Reserve Colliery.
 - South Wellington Colliery.
 - Wakesiah Colliery.
 - Western Fuel Co.
- Dowling's Split Volatile Ratio Tests (*see* under the names of coal properties).
- Hydrogenation—
 - Crow's Nest Pass Coal Co.
- Oil from coal—
 - Nicola Colliery.
 - Vancouver Island.
- Pulverization tests—
 - Cassidy coal.
 - Coalmont coal.
 - Comox coal.
 - Corbin Birdseye coal.
 - Michel coal.
 - Middlesboro coal.
 - Pleasant Valley coal.
 - Reserve coal.
 - Telkwa coal.
 - Tulameen River coal.
