

March 6, 2002

Information Circular 2002-3

Compiled by Mike Fournier and Brian Grant

The CD contains posters and presentations that were presented at Cordilleran Roundup in Vancouver, British Columbia, January 22-25, 2002. The posters can be viewed with Adobe Acrobat Reader. If needed, the executable download of the program is available in the *Adobe Acrobat Reader* directory on this CD.

Posters

Note: The poster numbers in the list correspond to the actual number in the pdf file name.

1. **Targeting hotspots: metal zoning in VMS belts**
D.J. Alldrick
2. **Geology and mineral potential of the east Harrison Lake area**
C. Ash
3. **Sunshine Coast aggregate potential mapping**
A. Bichler, E. Brooks, and P. Bobrowsky
4. **Coalbed methane opportunities and strategy in British Columbia**
D. Brown
5. **Coalbed methane resources in British Columbia**
D. Brown
6. **Bella Coola Targeted Geoscience Initiative: VMS mineralization hosted by Middle Jurassic strata**
L. Diakow
7. **Quaternary Geology studies in the Huckleberry mine area, West Central British Columbia**
T. Ferbey and V. Levson
8. **Geology and massive sulphide potential of the Barkerville terrane, Cariboo Lake area, British Columbia**
F. Ferri
9. **J.T. Fyles Library online**
S. Ferris, M. Palmer
10. **Southwest region, British Columbia**
J. Houle
11. **Harrison Lake nickel belt, British Columbia**
J. Houle

12. **Geology and evolution of the Rossland camp, southern British Columbia**
T. Hoy
13. **BHT and Sedex deposits, Monashee Complex, SE BC**
T. Hoy
14. **NGR Surveys in the BC Cordillera to target and attract mineral exploration**
W. Jackaman, R. Lett, and P. Friske
15. **Explore the MapPlace**
L. Jones, P. Desjardins, D. MacIntyre
16. **2001 mining and exploration activity - north central British Columbia**
R. Lane
17. **Gold enriched porphyry copper mineralization in the Central Quesnel Terrane**
R. Lane, K. MacDonald, B. McGrath
18. **Calc-alkalic porphyry Cu-Au mineralization in the Toadogone Region**
R. Lane, K. MacDonald, B. McGrath
19. **A layered data approach to coalbed methane geology in NE BC**
A. Legun
20. **Stream sediment geochemical exploration for platinum in BC**
R. Lett and W. Jackaman
21. **Platinum group elements in British Columbia placer deposits**
V. Levson
22. **Intrusion-related mineral occurrences of the mid-Cretaceous Bayonne magmatic belt, SE BC**
J. Logan
23. **Geological highlights of the Nakina Transect, northwestern British Columbia**
M.G. Mihalynuk, S.T. Johnston, C. Lowe, J. English, F. Devine, et al.
24. **Cu-PGE mineralization in alkaline plutonic complexes, southern British Columbia**
G.T. Nixon
25. **WWW MINFILE - gateway to exploration**
G. Owsiacski, G. Payie, L. de Groot, and L. Jones
26. **Recent corporate donation of exploration reports to Property File: Placer Dome, Starr, Falconbridge, Chevron**
G. Payie
27. **The Platinum Group Element potential of the Cogburn Ultramafic Suite**
R. Pinsent
28. **The polymetallic Lustdust porphyry-skarn property, north-central BC**
G.E. Ray, I.C.L. Webster, P. Megaw, J. McGlasson, K. Glover, and K.P.E. Dunne
29. **Marilla Perlite - volcanic glass occurrence, British Columbia**
M.D. Rotella and G.J. Simandl

30. **Energy for the future - coal and coalbed methane in BC**
B. Ryan
31. **Bonaparte Project: the geology of Quesnel and Slide Mountain terranes west of Clearwater, southern BC**
P. Schiarizza, S. Heffernan, J Zuber, and S. Israel
32. **Industrial minerals - current trends**
G.J. Simandl, A. Rossley
33. **ARIS & CoalFile - digital assessment reports on the Internet**
A. Wilcox, L. Jones, and L. de Groot
34. **Exploration opportunities in northwest BC**
P. Wojdak
