January 1977

## FOREWORD

This is the third year of publication of *Geological Fieldwork*, a publication designed to acquaint the interested public with the preliminary results of fieldwork of the Geological Division as soon as possible after completion. The reports are written without the benefit of extensive laboratory or office studies. To speed publication, figures have generally been draughted by the authors. A fuller account of the work of the Division will be presented in *Geology, Exploration and Mining in British Columbia, 1976*.

A. Sutherland Brown,  
Chief Geologist,  
Geological Division,  
Mineral Resources Branch.

## TABLE OF CONTENTS

	Page
<b>SOUTHEAST BRITISH COLUMBIA</b>	
<b>Church, B. N.:</b> Geological Investigations in the Greenwood Area . . .	7
<b>Christopher, P. A.:</b> Uranium Reconnaissance Program . . . . .	11
Uranium Mineralization in the Hydraulic Lake Area . .	11
Beaverdell Area . . . . .	15
<b>Høy, Trygve:</b> Estella – Kootenay King Areas . . . . .	16
<b>Brown, Richard L., Høy, Trygve, and Lane, Larry:</b> Stratigraphy and Structure South of Goldstream River, Selkirk Mountains . . . . .	17
<b>Høy, Trygve:</b> Goldstream Massive Sulphide Deposit . . . . .	23
<b>SOUTHWEST BRITISH COLUMBIA</b>	
<b>Eastwood, G.E.P.:</b> Vancouver Island . . . . .	30
North Texada Island . . . . .	36
<b>McMillan, W. J.:</b> Merritt Area . . . . .	39
<b>Northcote, K. E.:</b> Geology of the Southeast Half of Iron Mask Batholith	41
<b>McMillan, W. J.:</b> Taseko Lakes Area . . . . .	47
<b>CENTRAL AND WEST CENTRAL BRITISH COLUMBIA</b>	
<b>Klein, G. E.:</b> Toopville Placers . . . . .	54
<b>Schroeter, T. G.:</b> Mineral Property Examinations . . . . .	55
<b>Young, I. F. and Chase, R. L.:</b> Gravity and Seismic Reflection Profiles over the Sandspit Fault, Queen Charlotte Islands . . . . .	59
