## BIBLIOGRAPHY

## REMARKS

E. C. Report Dept. of Mines.  
1942 - p. 69.

Property on which copper is found, is situated in an area of hummocky upland, about 300 ft. above the valley, which is heavily timbered with pine and willow. Some surface stripping carried out in 1942 on a copper showing about 1,500 ft. west of the old shaft.
